THE DIRECTOR OF  
CENTRAL INTELLIGENCE

National Intelligence Council

21 May 1984

NOTE FOR: Dr. Fred C. Ikle  
Under Secretary of Defense for Policy

FROM: Herbert E. Meyer  
Vice Chairman, National Intelligence  
Council

SUBJECT: SNIE

*FRED-*

1. The Intelligence Community has geared up to monitor the recent flurry of Soviet activities, and this SNIE is our first Community product. We expect to be providing Memos to Holders on a frequent and regular basis, and we very much welcome your suggestions and insights.

2. To save you the trouble of pointing out a mistake in this product, I can see that our use of the phrase "US INF deployment" should in fact have been "NATO INF deployment." This is a proofreading goof, for which I apologize.

3. I have in hand the first draft of a think-piece entitled, "The Idea of an Open World." I will polish it a bit, and then get on your calendar to come and talk about it.

*HEM*  
Herbert E. Meyer
